CREATING THE NEXT®

CONGRATULATIONS ON YOUR ACCEPTANCE TO GEORGIA TECH!

» Welcome to the Georgia Institute of Technology Department of Housing.

It's probable that you have already lived on campus at another college or university; however, Georgia Tech's campus is unique in many ways. It is located in a major metropolitan city, and that provides a plethora of opportunities not often found at other institutions.

To become familiar with all that life at Tech and the city of Atlanta offer, living on campus is the way to go. We offer housing where transfer students live with other transfer students. Woodruff Welcomes Transfers to Tech will allow you to live in a supportive community that will benefit your social and academic adjustments.

WWTT

» We understand that transferring can be stressful for so many reasons including making connections with peers and the Institute. This residential community is for transfer students who seek a living experience intentionally designed to ease their transition to the Institute and help them connect with other transfer students and returning Tech students. Those who choose to live in the **Woodruff Welcomes Transfers to Tech** develop meaningful relationships with other students and the Institute.

Woodruff Residence Hall will best facilitate your transition due to its suite-style design which offers semi-private bathrooms shared by residents of the suite, public spaces for residents to socialize and study, and a convenient location near the West Village Dining Center.

Department of Housing encourages incoming transfer students to live in Woodruff suites during your first semester. After that you have the option to move into an apartment for future semesters, if you so desire. This will allow you the benefit of making friends with students who are also transitioning to Georgia Tech.

To be part of this opportunity, simply select Woodruff South as your first building option.

CHOICES, CHOICES

» Rooms

All transfer students have the option of apartment or suite-style accommodations, so before you begin your housing application, you'll want to visit housing.gatech.edu/housing-options to see:

- Floor plans.
- Typical furnishings and bed lofting setup.
- Location on campus map.
- 360 room views.
- Photo gallery of rooms, lounges, study areas, laundry facilities, and workout rooms.

» Roommates

To choose a roommate, you'll fill out a profile - via the online housing application's "Roommate Preferences" step - to indicate personal preferences such as estimated frequency of overnight guests, sleep patterns, and housekeeping habits. You can browse your list of matches and directly contact the person who best fits you. If you already know who you want as a roommate, request that student by including his or her name and Georgia Tech ID number on your housing application. Keep in mind that you'll only be paired with "accepted" roommate(s).

Please note: Because room and roommate assignments are processed according to your housing application completion date, you are strongly encouraged to complete the online application as soon as possible to maximize your chances of getting your preferences.

A STEP-BY STEP PROCESS

Once you have secured your spot at Georgia Tech by confirming your intent to enroll and paying the \$250 enrollment deposit via admitted.gatech.edu, you can begin the process of applying for on-campus housing by clicking on "Checkout Campus Housing".

»» Fall Semester

All students seeking on-campus housing for fall must first submit their \$600 housing prepayment, then complete their online application. This housing prepayment — less a one-time, nonrefundable \$80 application fee — will apply toward rent for the first semester. All transfer students who submit the prepayment and application by **the deadline** will be able to self-assign housing for the first year. Late applications are accepted but are not guaranteed. Fall housing contracts are binding for the entire academic year, so students are financially responsible for both the fall and spring semesters.

»» Spring Semester

Transfer students needing housing only for the spring must submit the \$600 housing prepayment and apply online by the **second week of November**. Late applications are accepted.

Spring housing contracts are only for the spring semester.

»» Summer Semester

Transfer students needing housing for the summer must submit the \$600 housing prepayment and apply online. Summer housing contracts are only for the summer semester.

For more details on applying for housing, visit: housing.gatech.edu.
