

Georgia Tech Housing

a better plan.

Now that your first semester is behind you, it is time to start planning for your second year at Georgia Institute of Technology.

Think about what will be most convenient as you juggle your class schedule, extracurricular obligations, your campus job(s), and social life - living on campus or living off campus? Managing all of your responsibilities plus navigating Atlanta traffic can be stressful and time consuming. Campus living simplifies your life. Throughout the day and into the evening, you can easily come and go from your campus home for all your academic and social activities.

It does not get much better than on-campus living! All of your friends will live close by, and this year you are eligible for an apartment.

If you have any questions, the assignment team encourages you to contact us by email (information@housing.gatech.edu) or by phone (404-894-2470). We hope to see you on move-in day in the fall of 2017.

For more information visit www.housing.gatech.edu.

HOUSING STYLES

Suite-Style Living

Woodruff and Harris feature suite-style rooms. They consist of two, two-person rooms sharing a full bathroom. The beds can be set up in three ways: low, medium or bunked.

Single Suites in Woodruff South

Woodruff South offers single suites which are furnished standard single rooms with a connected semi-private bath (20 rooms only). The rooms have the standard compliment of furniture but with a full bed, chair and a half, task chair, micro fridge, two wardrobes, and a multi-purpose cube.

Apartment-Style Living

The majority of rising second-year students seeking on-campus housing will be assigned an apartment before the fall semester begins. Each apartment features four to six private bedrooms, two to three bathrooms, a full kitchen, living room, and dining/study area. Fully furnished with an open kitchen and large windows, each apartment offers a great living space.

Four-person apartment

Among second year students, 88 percent were assigned apartments before classes began in August.

In both apartment-style and suite-style housing, each bedroom is furnished with an extra-long twin bed, chest of drawers, desk, desk chair, and wardrobe.

Apartment style living rooms include a sofa, end tables, a coffee table, and a dining table and chairs. The kitchen comes equipped with a stove, microwave, refrigerator and dishwasher. Most of the kitchens also include a garbage disposal. Bedrooms and living areas have either carpet or new wood laminate flooring.

All campus housing includes utilities, free high-speed internet access (wired and wireless), and HD cable channels. Rising second-year students have the option of choosing from one of our many apartments located on the East, West, or North Campuses.

BE BOLD. BE
THANKFUL. BE QUIET.
BE ORIGINAL. BE
SPONTANEOUS. BE
PUNCTUAL. BE A
STAR. BE YOUNG. BE
LOVING. BE CRAZY.
BE HARD. BE RANDOM.
BE ADORABLE. BE
UNIQUE. BE BARRING.
BE OBNOXIOUS.
BE YOURSELF!

Room Selection Process

A rising second-year student is a student who enrolled at Georgia Tech in summer or fall 2016.

You are considered a rising second-year student even if your class status is a sophomore, junior, or senior due to your AP credit hours.

Room assignments are made using a room selection number based on your class status and the number of credit hours earned at Georgia Tech at the end of fall semester.

North Ave Apartments

THE PROCEDURE

1

A room selection number is determined by your institute class status (senior to freshman) at the end of the fall 2016 semester. Your class status includes AP credit hours.

- Senior (90+hours)
- Junior (60-89 hours)
- Sophomore (30-59) hours)
- Freshman (0-29 hours)

2

Next, students are sorted within class status by the number of passed credit hours earned at Georgia Tech at the end of the fall 2016 semester.

3

Finally, students who have the same ranking will be randomly sorted.

Upperclassmen are assigned first, and rising second-year students are assigned next.

LIVING LEARNING COMMUNITIES FOR THE 2017-2018 ACADEMIC YEAR

Living Learning Communities provide opportunities for informal interactions between faculty and students and foster collaboration among participants.

International House Living Learning Community

The International House Living Learning Community (I-House) is a vibrant community of world cultures, international outreach, foreign affairs, and enthusiastic students committed to how the world works beyond campus.

Women in Science and Technology Living Learning Community

The Women in Science and Technology Living Learning Community (WST) offers programs addressing personal and professional issues for women students.
